About Me

A Self-motivated and hardworking fresher with in-depth knowledge of languages and development tools, seeking a position in a growth-oriented company where I can use my skills to the advantage of the company while having the scope to develop my skills.

Work Experience and Trainings

GLOSITY | Full Stack Developer Intern
JUN 2023 – Present

Key responsibilities:
- Developed a recruiter-side web application using React JS, Node JS, and MongoDB.
- Fixed various issues and also implemented new features in the application.

TRIPLEM | Front-End Developer Intern
MAY 2023 – AUGUST 2023

Key responsibilities:
  Developed an E-learning Platform with the following features :
- Admin Panel for user management and schedule control.
- Teacher Dashboard for schedule and assignment management.
- Student Dashboard with date-based schedules and Excel downloads.

MERN Stack Internship Program by Syllogistek systems private limited.(2022)
MAY 2022

Key responsibilities:
- Learned about various technologies like REACT JS, NODE JS, EXPRESS JS, MongoDB, etc.
- Developed a fully-functional E-COMMERCE Website using MERN Stack along with daily assignments and small projects.

Projects

- BUZZ STORE

Buzz Store is a feature-rich E-commerce website with secure user authentication and personalized account management, including order tracking and wishlists. It offers various features like product filtering, sorting, and comparisons. The platform also includes a blog section for users to post and interact through comments. Additionally, customers can utilize coupons for extra discounts during their purchases.

- To-Do web app using MERN Stack

The To-do app is a responsive web application used to manage daily tasks, allowing users to add, complete, edit, and remove tasks. It also features light and dark mode options for a personalized experience.

- NEWS GEEKS

News Geeks is a news website offering daily updates and a directory of news sources. Sections like Sports, Politics, Economics, and Entertainment are available. Additional features include an Infinite scroll, a loading bar, and the ability to search for specific news items.

- I-NoteBook

This web app securely stores notes with JWT Authentication. Users can add, update, and delete notes, while others can view, like, and comment on public notes but not access private ones.

Achievements

2018	• Awarded for "The Best Student" • Honored for scoring the highest percentage in class X board in the branch
2020	• Awarded for scoring 90%+ in class XII Board
2023	• Certified for being the Organizing member of college's Annual-Fest Web development team.
